ANNOUNCEMENTS.

CORRECTION.
The friends of Rowland C. Burns beg to announce that he is a candidate for Congress in this district in 1902, subject to the action of the Republican party. He believes that a mountain man is as good as any one.

Representative Kehoe has filed a petition at the Post-office Department asking for the extension of rural free delivery route No. 6 in Harrison county.

The House yesterday passed the Senate bill providing a pension of \$5,000 a year for the widow of President McKinley, and the measure now goes to the President. Representative Bell questioned the propriety of such a large amount and was answered by a number of members. The vote on the bill was unanimous.

The development of the great resources of the Big Sandy valley now seem to be near at hand. With the N. & W. down Tug and the West Virginia side of Big Sandy, and at least one railroad practically assured up the Levisa fork, and the work on the locks and dams going steadily on, the prospects for the entire valley are infinitely brighter than ever before.

Whites Cream Vermifuge not only effectively destroys worms, it also increases the appetite, aids assimilation and transforms a frail child into one of robust health. Price 25 cents.

OLIOVILLE

Misses Flossie Bechtel and Ella Kirk went to Ollioville Thursday. Mr. McCall spent Sunday with home folks.

The two saw mills on Cooksey's farm are doing good business in the way of sawing.

W. H. Bechtel went to Van Wert recently.

G. G. Theobald is closing out business at his store on the Cooksey place and is going to his home in New York.

Harve Kelley has quit hauling on Oats and gone home on account of his eyes being weak.

Pigg Virgil has quit working at the Ollioville mill.

The sweet and safest remedy for kidney and bladder diseases is Foley's kidney cure.

When children have earache, saturate a piece of cotton with Ballards Snow Liniment, and place it in the ear. It will stop the pain quickly. Price 25 cents. Sold by A. M. Hughes.

THE GREAT DISMAL SWAMP

Of Virginia is a breeding ground of malarial germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous malarial fever. But Electric Bitters never fail to destroy them and cure malarial fever. They are the only remedy for malarial fever, stomach and liver troubles. Write John Charles, of Brysville, O., but never found anything as good as Electric Bitters. Try them. Only 50c at A. M. Hughes. Guarantees satisfaction.

Will the wireless telephones. In accents wheezy. Ever tell in girlish tones. That the line is busy?—Ex.

A DOCTOR'S BAD PLIGHT

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Beal, of Hebron, Ohio. "Every remedy began an obstinate cough. Every remedy known to me as a practicing physician for 25 years failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for consumption, coughs and colds, I found quick relief, and for the last ten days have felt better than for two years." Positively guaranteed for throat and lung troubles by A. M. Hughes. 50c and \$1. Trial bottle free.

Tutt's Pills
After eating, persons of a bilious habit will derive great benefit by taking one of these pills. If you have been drinking too much, they will promptly relieve the nausea. Sick headache, and nervousness which follows, restore the appetite and remove gloomy feelings. Regularly sugar coated. No Substitute.

FOR FARMERS.

Items of Interest About Farmers and Live Stock.

At Chicago so great is the demand for shipping facilities that the potato dealers are paying the railroad company a bonus of \$10 a car. The price for seed potatoes is advancing rapidly and the dealers want to take advantage of the market before the farmers raise the price still further. Less than three weeks ago potatoes, old stock, was selling at 85 cents at loading stations. Now the holders are asking \$1.25. The demand is from southern sources.

Last year the corn crop in Arkansas was almost a total failure and the farmers find themselves without seed corn. The Agricultural Department at Washington has decided to come to their aid and has arranged with a seed firm in Richmond, Va., to send them 1,000 bushels of corn. It will be put up in sacks of one bushel each and sent by mail.

A friend wants to know what price hogs must bring to make a profit on feeding them 67-cent corn. Fed under proper conditions a bushel of corn will make ten pounds of pork, and for all ordinary purposes this rule is accepted as a standard of measuring the relative values of corn and pork. Thus the pork so made from 67-cent corn must bring \$6.70 per hundred-weight in order to let the feeder out. Under present conditions we should try other rations for the fattening hog. Wheat at 65 cents per bushel will go further than corn at 67 cents. Barley at 50 cents is cheaper feed; also mill stuff and the low grades of wheat and flour. There is a certain loss in making pork which sells for \$5.80 out of 67-cent corn wholly.

At a sale in Shelby county mules sold from \$125 to \$165 per head; cows from \$35 to \$50, 14 heifers at \$25 per head, sows and pigs from 20 to 25; 28 shoats at 4 per head; 70 sheep with lambs from 6.50 to 7.50.

B. F. Sanders & Bro., weighed to Simon Well Monday, seventy-nine 1300 pound cattle at 5.65. Mr. Sanders guessed the exact weight of the cattle, something that could not be done again in a million guesses. These cattle will be shipped to England.—Harrisburg Herald.

We have a suggestion from one of our subscribers, says the Shelbyville Sentinel which will be valuable to wheat growers. It is to sow spring wheat in the fields in spots where the winter wheat is thin or frozen out entirely. This plan has been tried and has had the effect of making a good yield of wheat in fields that had a very poor prospect.

A number of young folks had a social at Colba Lyons Saturday night. All report a good time.

Alma and Sophia Skaggs, Emma Sparks, Della Holbrook and Martha Elam visited friends here recently.

Pleasant Holbrook and wife visited at Nelson Sparks Saturday night.

J. C. Sparks visited at Con Holbrook's Sunday.

Mary Lyon and Elva Rose went to Keeton recently.

Ben Fannin passed down our creek enroute to Flat Gap.

2 Brothers.

I was much afflicted with sciatica, writes Ed. C. Nud, Iowa, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c 50c and \$1.00 at A. M. Hughes.

According to government census statistics there are 5,739,657 farms in this country and 4,514,210 of these report dairy cows and dairy products, which in 1899 were valued at \$472,369,000. The number of dairy cows reported was 16,139,672. The report shows that the receipts from dairy products sold aggregated \$281,630,000 and that \$190,739,000 worth was consumed on the farm.

Just Across the River In West Virginia.

Hon. J. L. Caldwell, of Huntington, is much elated over his political victory in Wood county. His brother Charles won the nomination for State Senator over an opponent who was favorable to Scott.

Frankfort, Ky., April 12.—Mrs. Benjamin A. Preston, daughter of Capt. Joseph K. Dixon, of Johnson county, State Arsenal Keeper of Bradley administration, died at the home of her husband on the West Side today. Her funeral will take place Monday, with interment in the State cemetery.

A CHATTANOOGA DRUGGIST'S STATEMENT.

Robt. J. Miller, proprietor of the Read House drug store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined."

Kenova, W. Va., April 13.—Paul Adkins, Principal of the Ceredo schools, and Miss Anna Black daughter of Captain John Black, passenger conductor on the N. & W., accompanied Pastor Gadsby home from prayer service at the Congregational Church and were married last night. They immediately repaired to Kenova, where they took the midnight train for Bluefield and left orders that the announcement be made to friends in the morning. Not even the bride's father, who collected their tickets, knew they had embarked on their honeymoon.

Foley's kidney cure taken in time affords security from all kidney and bladder diseases.

The tallest and perhaps the heaviest woman in West Virginia was married at Kingwood to comparative midget. Both parties hail from that place, where they were reared and went to school together. The bride was Miss Mary Craig, who pulls down the scales at 285 lbs. and stands 6 feet and 6 inches in her bare feet. Her husband is Eva Winfield Thomas, a carpenter, whose head barely reaches his wife's shoulders, and who weighs but 155 pounds. The bride who is familiarly known in that community as Miss "Dot" is 35 years old, and her husband is one year her senior they both being born the same day of the month. "The two were lovers when scarcely out of their teens, but differences arose. Recently they became reconciled.—Huntington Herald.

Neuralgic pains, rheumatism, lumbago and sciatic pain, yield to the penetrating influence of Ballard's Snow Liniment. Price, 25 and 50 cents.

A. M. Hughes.

Huntington, W. Va., April 13.—Miss Jennie Arthur, of McDuff, was married here to J. M. McKee, of St. James, Ohio, yesterday. They became acquainted through a matrimonial advertisement.

About half an hour after the ceremony a sister of Miss Arthur arrived at the West Virginia Hotel, where the couple had registered. When the two sisters met at the threshold of the door their tears began to flow, and it was an hour before they obtained relief in the excess of their emotions. Finally the groom made a kick at the office, and the landlady of the hotel informed the bride's sister that she would have to leave the room. She at first demurred, but finally consented, and the trio returned to the bride's home today.

Miss Arthur is a pretty brunette of 18, and the daughter of George W. Arthur, one of the wealthiest farmers of Cabell county.

An ounce of prevention is worth a pound of cure, and a bottle of Ballard's Horsehold Syrup used in time is worth a staff of physicians with a drug store or two included. Price 25 and 50c.

A. M. Hughes.

Keystone, W. Va., April 13.—A. C. Thomas and H. L. Baldwin, of this place, had an encounter with a large black bear last night near the head of Spice Creek, a tributary of the Tug, which may cost Thomas his life and make Baldwin a cripple for life. Yesterday the young men shouldered their guns and went to the mountains in quest of game. At the place above mentioned they came upon a flock of wild turkeys and managed to bag several. The reports of their guns brought brain from his hiding place in a chaparral thicket, and he at once exhibited signs of flight.

Both Thomas and Baldwin emptied the contents of their Winchester into the enraged animal, but without effect, and the fight came to close quarters. They used the barrels of their guns and bowie knives in their defense, but were unable to cope with the wounded bear, who bore Thomas down with a stroke of his paw and terribly lacerated him. Baldwin remained by his partner's side and he, too, suffered from a blow and was knocked senseless.

Suffering from the loss of blood, the animal gave up the fight and left the two wounded men on the battle field, where other hunters, happening to pass, found them and secured medical aid. Both are in a serious condition and Thomas is not expected to live.

WORTH \$300,000,000.

The President of a certain big Oil Company is said to be worth \$300,000,000. A tiny bit of money and no mistake. And yet he isn't happy. In an address to a Bible class he spoke of trials and troubles of the rich and the loads they have to carry. A young lady whispered to a friend that he might wear a Benson's Porous Plaster on his back or, better still, divide the money among the members of the class. I don't know why her idea about the plaster makes me want to laugh, but it does. All the same I have seen plenty of people laugh after putting Benson's Plasters on their backs or chests, or on any other spot where there was weight, heaviness, weakness or pain. It may be the sharp stabs of neuralgia, the aches and wrenches of rheumatism; it may be colds in muscles or bones; it may be those kidney or lumbago thrills that make you yell as at a dog bite; or it may be a strain or cramp, anything that wants quieting and comforting. Doct bother with salves, liniments, lotions, etc., or with any of the stupid and useless old style plasters. Clasp a Benson's. It relieves at once and cures quickly. It stops the pain and makes you laugh for the very ease and good feeling of it. But watch out against imitations and substitutes. All druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c each.

Big Sandy River Secures Amend- ment in Senate for that Amount.

Thanks to the direct efforts and
influence of United States Senator
Stephen B. Elkins, and the solici-
tude of his close friend, Congress-
man James A. Hughes, Big Sandy
river is provided for. An amend-
ment carrying \$500,000 for this river
has been added to the Rivers and
Harbors bill by the Senate Com-
mittee, and Mr. Elkins has served
notice that he will insist upon its
passage with the bill. This means
so much that we feel as though the
appropriation is almost a certainty.
It would be well, however, for
our people to bring to the support
of the proposition all the legitimate
assistance at their command. This
would at least show the interest
that we should and do feel.

The people of the Big Sandy Valley
are under lasting obligations to
Senator Elkins. He was the
principal power in securing the
amendment to the last river and
harbor act, which doubled the
amount provided for us in the
House bill, thus giving us money
to build two dams below Louisa,
instead of one.

In giving Senator Elkins so
much credit in Big Sandy matters
we are not forgetting or disparag-
ing the efforts of the hosts of other
friends who have and are standing
by the worthy object of providing
slackwater transportation for our
mineral resources. Every influ-
ence helps the cause along and it
is all appreciated by our people.
Senator Elkins is able to accom-
plish the greatest results because
he has the necessary influence and
position to do it.

The Big Sandy river amendment
is as follows:

Improving the Tug and Levisa
forks of the Big Sandy river, West
Virginia and Kentucky, by con-
struction of a lock and dam on
each of said forks above their
junction, in accordance with the
report submitted in House docu-
ment No. 235, Fifty-sixth Congress,
second session, \$200,000; provided
that a contract or contracts may
be entered into by the Secretary of
War for such material and work
as may be required to prosecute
the project recommended in said
report, to be paid for as appropri-
ations may from time to time be
made by law, not to exceed in the
aggregate \$250,000, exclusive of the
amount herein or heretofore ap-
propriated.

Improving the Big Sandy river,
West Virginia and Kentucky;
completing the improvement of
the two locks and dams between
Louisa and the mouth of the river,
authorized by the river and harbor
act of March 3, 1899, \$50,000, the
said sum to be in addition to the
amount authorized by said act to
be expended on the said locks and
dams.

TO WHOM IT MAY CONCERN,
I will be at my office in Louisa,
on the second Saturday of each
month.

RAILROAD TALK.

A Few Facts About the Situation in the Big Sandy Valley.

The railroad situation up Big
Sandy remains unchanged, so far
as it is possible to learn. The C. &
O. and the Seaboard Air Line both
have forces in and about the
Breaks of Sandy. These forces con-
sist of engineers, right-of-way
agents, laborers and contractors.
Some mules and negroes have been
sent up there and a large amount
of supplies have been shipped in
by the C. & O.

The "surface" indications for a
railroad down Big Sandy are ex-
cellent. But some of the natives
along the route are naturally some-
what skeptical as to the outcome,
because they have had their hopes
crushed several times in the past.

"Andy" Potter, a well known char-
acter who lives near the Breaks, is
one of the doubtful. He says to
the railroad people, "Boys, I'm
afraid you're commencing at the
wrong end of the line."

The Sea Board Air Line people
declare that they want to build a
line down Big Sandy to the Ohio.
But many persons fear that if they
get through the Breaks they will
not do this, but only tap the fine
coal lying along this side of the
Cumberland range and take it out
in the other direction, leaving a
long gap down this way without a
railroad.

On the other hand, the friends of
the Seaboard say this line has ar-
rangements for a northern connec-
tion at the Ohio river which would
give them a much-to-be desired
route stretching from the coast to
the lakes. If this be true, the con-
nection referred to could be none
other than the C. H. & D., and the
Detroit Southern, which are the
only independent lines anywhere
within reach. The C. H. & D.
has no coal territory. Neither
has the Seaboard Air Line. Both
want to reach coal fields. "To a
man up a tree" this looks like a
combination that would be very
likely, and quite advantageous to
both companies.

In view of this situation the fol-
lowing from the Cincinnati En-
quirer is interesting. If the deal
should be made it would take the
C. H. & D. out of any such combi-
nation as is mentioned above, as it
would no longer be an independ-
ent line. The report is as fol-
lows:

"The story came over the special
wire to P. J. Goodhart & Co., yester-
day from New York that the Big
Four was evidently anxious to get
control of the C. H. & D. and that
Vanderbilt interests had bid \$0 for
the C. H. & D. common stock. The
present control of the C. H. & D.
ask par, so the story goes, but will
probably take a little less. This
move is considered important by
the New York interests making the
statement, inasmuch as the C. H.
& D. is the only independent local
road in Ohio with the exception of
the Detroit Southern."

The C. & O. has long held the
key to the railroad situation in the
Big Sandy Valley, and the general
impression is that the company
was not ready to extend its present
line, but that the movement of the
other company has made it neces-
sary to take up the matter at once
in order to hold the field.

The people of the valley are anx-
ious for a railroad and are besig-
ging the News for information on
the subject. We shall endeavor to
keep them posted, giving fairly
and impartially whatever is
known on the subject.

The people up Big Sandy want a
railroad and are said to stand
ready to favor the company or
companies that will assure them
of the completion of a road within
a reasonable time.

BEAUTY AND STRENGTH.

Are desirable. You are strong
and vigorous when your blood is
pure. Many—nay, most—common
ailments arise from impure blood,
and so become pale, thin, sallow
and weak, while the brightest,
freshness and beauty of the skin
and complexion depart. Remedy
this unpleasant evil, by eating
nourishing food and taking a small
dose of Herbine after each meal,
to digest what you have eaten. 50c

Circuit Court.

The regular term of the Lawrence
Circuit Court convened last Mon-
day, with Judge S. G. Kinner pre-
siding and Commonwealth's At-
torney Redwine prosecuting.

The juries are as follows:
GRAND JURY:—W. J. Vaughan
(Foreman), Clydes M. Carey, Rob-
ert M. Preston, Robert J. Towler,
Wm. D. Roffe, Robt. Griffith, Ad-
am Harmon, Flem Kitchen, J. J.
Mann, R. F. Crank, Jas. R. Castle
and John H. Ekers.

PETIT JURY:—Lewis S. Sparks,
R. B. Spencer, Henry Lambert,
Jas. W. Wheeler, H. B. Hewlett,
David Boggs, B. J. Barrett, Henry
Hogg, R. A. McKee, J. H. Sturgell,
Jas. Young, David Sturgell, D. J.
Whitely, John Swetnam, N. D. Wal-
deck, J. S. Osborn, Jas. W. Shan-
non and D. R. Skaggs.

A number of misdemeanor cases
have been disposed of. The juries
are excellent, and offenders are
finding the way of the transgressor
to be truly hard.

Some violators of the local op-
tion laws have escaped because
the indictments were improperly
drawn, as usual.

The case against Noah Kelly for
killing Lacy Hicks was called Wed-
nesday. Seven jurymen were se-
cured that day out of the regular
panel, Thursday morning the other
five were secured. They are as
follows: R. J. Prichard, H. E.
Hannah, C. F. See, Wm. Jordan,
John Hickman, John H. Akers, L.
R. Skaggs, R. A. McKee, Henry
Lambert, W. L. Jordan, R. L. Bar-
rett and R. B. Spencer.

The attorneys for the Common-
wealth are: M. M. Redwine, G. E.
Fugitt, H. C. Sullivan, M. S. Burns,
T. S. Thompson, Al. Carter, M. D.
Perkins, John Hicks, and Sam
Jobe. Attorneys for defense, R. T.
Burns, Alexander Lackey, F. R.
Moore and J. B. Riffe.

By noon the Commonwealth's
witnesses had all been examined
and Kelly had testified. As we go
to press the testimony is almost
completed and the case will prob-
ably go to the jury this (Friday)
evening.

The murder was committed Nov.
1st. The two men were cousins.
Kelly escaped and enlisted in the
army, but was brought back from
Columbus soon afterward.

Corner Stone Laying.

The Louisia Council Junior Order
United American Mechanics laid
the corner stone for their new hall
Tuesday. The members of the or-
der had spent much time and money
in completing the arrangements
for this affair and as a result it was
an entire success.

Just before the east bound train
was due the members of the order,
headed by their band, which under
the leadership of Mr. J. A. Shan-
non, renders some excellent music,
marched to the depot where they
met a delegation of members of the
order from Huntington and Cen-
tral City, W. V., who came in re-
sponse to an invitation to attend
and take part in the exercises. The
members and visitors then returned
to the hall where an adjournment
was taken for dinner.

Promptly at one o'clock a meet-
ing was held at the hall and the
members formed a line and march-
ed to the lot recently purchased
by the Lodge, where the corner
stone was laid.

Rev. L. D. Bryan, of Fort Gay,
made the opening address and was
followed by Rev. Craig, of Central
City, on the objects of the order
and R. E. Lee on Fraternism.

After the speaking Rev. Bryan
laid the corner stone in which was
placed a bible, the foundation of
the order.

There was a large crowd of peo-
ple in town and the exercises were
attended by a large and attentive
audience. There were about one
hundred members in the parade,
including the visitors.

**Bird-Shot
For Tiger.**

No use to hunt tigers with
bird-shot. It doesn't hurt the
tiger any and it's awfully risky
for you.

Consumption is a tiger
among diseases. It is stealthy
—but once started it rapidly
eats up the flesh and destroys
the life. No use to go hunting
it with ordinary food and medi-
cine. That's only bird-shot.
It still advances. Good heavy
charges of Scott's Emulsion
will stop the advance. The
disease feels that.

Scott's Emulsion makes the
body strong to resist. It
soothes and toughens the lung
and sustains the strength until
the disease wears itself out.

GONE TO REST.

Died, on April 12th, at the home
of Mr. and Mrs. Garred Wilson, at
this place, Mrs. Rebecca Shannon,
after an illness of several weeks.
She was 86 years of age.

All that the faithful, devoted
friends could do was done, but of
no avail. She had lived to a ripe
old age and was ready and willing
to go. She bore her suffering with
sweet christian patience and was
never known to murmur or com-
plain.

She had given her service to God
and His church early in life. Hav-
ing been converted and taken the
vows of the church she did not
turn away from her Master, but
ever looked to him as the hope and
expectation of her soul. She had
many friends and relatives who
hung around her as a tender vine.
She expressed a desire for her re-
mains to be carried back to the
old home near Gallup, that she
might sleep beside her kindred.
This request was complied with.
The funeral service was conducted
by Rev. Boland, at the home of her
daughter, Mrs. Garred Wilson,
where she had made her home for
several years.

"Death has robbed us of our mother
Whom we loved and cherished dear.
It was mother, yes, dear mother,
Can we help but shed a tear?

How we loved her! Yes, we loved her!
Oh, no earthly tongue can tell.
Yes, the angels they have called her
Up to Heaven there to dwell.

But cheer up! We know she's waiting
For her dear ones ever more,
And is singing with the angels
On the bright and golden shore."

A Friend.

We desire to express our many
thanks to all the friends who were
so kind and willing to assist us
during the illness and death of
our dear mother.

An extra train came up yesterday with six cars of hay and two cars of mules for work on the railroad up Sandy.

One of the most successful raids after the mountain moonshiners that has ever occurred in this part of the country took place last night. John Delong and Robert James, two noted moonshiners, who had been running a still between Martin and Floyd counties for several years, were captured while at work on a 55 gallon copper still.

Revenue officers have had an idea that this still existed some where in that locality and had often searched for it but were never able to capture them until last night, when Labe McClure, General Deputy Collector, together with T. S. Salzer, Deputy U. S. Marshal, Arch O. McClure and L. W. Short, located the still and made a complete capture of men and outfit.

Those alleged moonshiners and their work had been talked of so long and looked for so much that the people began to think they would never be located, but the above named officers have proved that the way of the transgressor is hard, and if a moonshiner doesn't want to get caught he had better go where Labe McClure and Tom Salzer can never hear of him to make his liquor.

U. S. Prince, C. T. Rule, Frank Allen, Judge York, John Laveau and D. C. Langhorn were in town this week.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours. A sediment or settling indicates an unhealthy condition of the kidneys. If it stains your linen it is evidence of kidney trouble. Too frequent desire to pass it or pain in the back is also a warning of order.

What To Do.

There is comfort in the knowledge to often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sim Thompson, who was born Nov. 7, 1845, and died March 23, 1902, and realizing that by his death Fallsburg Lodge No. 255, I. O. O. F., has lost one of its most faithful and useful members, his family's most loving husband and father, and our country one of its most enterprising and upright citizens.

Therefore, be it resolved, First, that we, the members of Fallsburg Lodge, I. O. O. F., do hereby express our sorrow for the loss of our deceased brother who has long been one of the most highly respected members of our order.

2nd, That we tender our sympathy to the bereaved family, in whose breasts is left an aching void, that in this world can never be filled, and point them to the great healer for consolation "who doeth all things well."

3rd, That we, as members, will so live that when the final summons comes, that we may meet brother Thompson in the Supreme Lodge above.

J. W. Shortridge, W. A. Rice, J. H. Thompson.

Weep not, dear friends, for uncle above.

For God his soul has lost, And he has gone to his home above. Where the weary are at rest. He has left a wife and five children To mourn for the one they loved And if they put their trust in God, They will meet him in that home above.

Phers they will live forever, In that land beyond the sky, Where they will always be happy. And never say goodbye.

Catarrh

poisons the blood, irritates the nerve cells and causes aches and pains in the temples, eyes, brain and spinal cord. Headache, neuralgia, impaired appetite, indigestion, sleeplessness, nervous exhaustion and despondency all point to the weakened nerves that are crying aloud for renewed strength and health.

For disturbed sleep, heart palpitation, headache, nervousness and depression of spirits brought on by long continued catarrhal trouble, Dr. Miles' Nervine is without an equal.

Rev. L. F. Jones, Westville, O.
